

WX15

40mm (1.5 inch) Freshwater Pump

Lightweight and compact

Weighing just 9kg it's easy to carry, transport and store.

Super efficient

Revolutionary GX25 mini 4-stroke engine is clean and quiet with an operational noise of just 102dB at 7m.

Economical and environmentally friendly

GX25 4-stroke engine runs on unleaded petrol without the need to mix fuel and oil. Complies with stringent EN 2006 emission standards.

Sturdy platform

Rubberised feet minimise vibration and movement.

Quick release couplers

Simple tool-free hose connection.

Great performance

280 litres per minute output capacity, generating an impressive 4.0 bars of pressure - ideal for washing down or using a longer hose.

Oil Alert®

Prevents engine damage by automatically shutting the unit down if the oil drops below a safe operating level.

Whether it's irrigating the garden, pumping out a flooded cellar or onboard the boat, you'll be amazed at the performance you'll enjoy from the WX15 mini pump. Despite its compact size and weighing just 9kg, this superb little pump can move 280 litres of fresh water per minute for drainage, irrigation and general water transfer just about wherever you need to work.
